240V AC 1300W WATER PUMP POWER SUPPLY PACKAGE

This package is ideal for remote water pumping application. This includes, pumping from a river, well a bore or transferring water between storages. It provides a 1300 W 240 V AC power supply and has a 255 Ah battery, the standard package has an automatic "dusk to dawn" isolator, this reduces the size of the battery and solar panels required by only allowing daylight operation.

This package is designed for a typically size lift, pressure or transfer pump and includes provision for some lighting:

EQUIPMENT	RATING (WATTS W)	QTY	LOW SUN RUN HOURS
LED lights	10	2	2 hours
Water pump (240 V AC)	1200	1	1 hours

THE BASE PACKAGE INCLUDES:

- + 1 x Victron Multiplus 1300 W inverter charger
- + 1 x Victron Blue Solar Charge Controller 100/50 24 V
- + 6 x 300W solar panels
- + 1 x 12V 255 Ah Deep Cycle Solar PV battery (provides 1.22 kWhs of low sun back up power)
- + 3 x solar roof mounting kit for 2 panels
- + 1 x battery isolator
- + 1 x solar isolator
- + 1 x "dusk to dawn" pump run controller
- + 1 x bypass switch for "dusk to dawn" controller

OPTIONAL EXTRAS INCLUDE

- + Installation
- + Distribution board
- + Emergency generator connection point and manual change over switch
- + Battery Protect – prevents battery from being fully discharged
- + Battery box
- + Weather proof enclosure for the solar charge controller and isolators
- + Upgrade power system 24-hour pumping capability (larger batteries and more solar panels)
- + Ground mount kits for solar panels
